

# ASNET-Cloud IaaS

# Why Cloud?

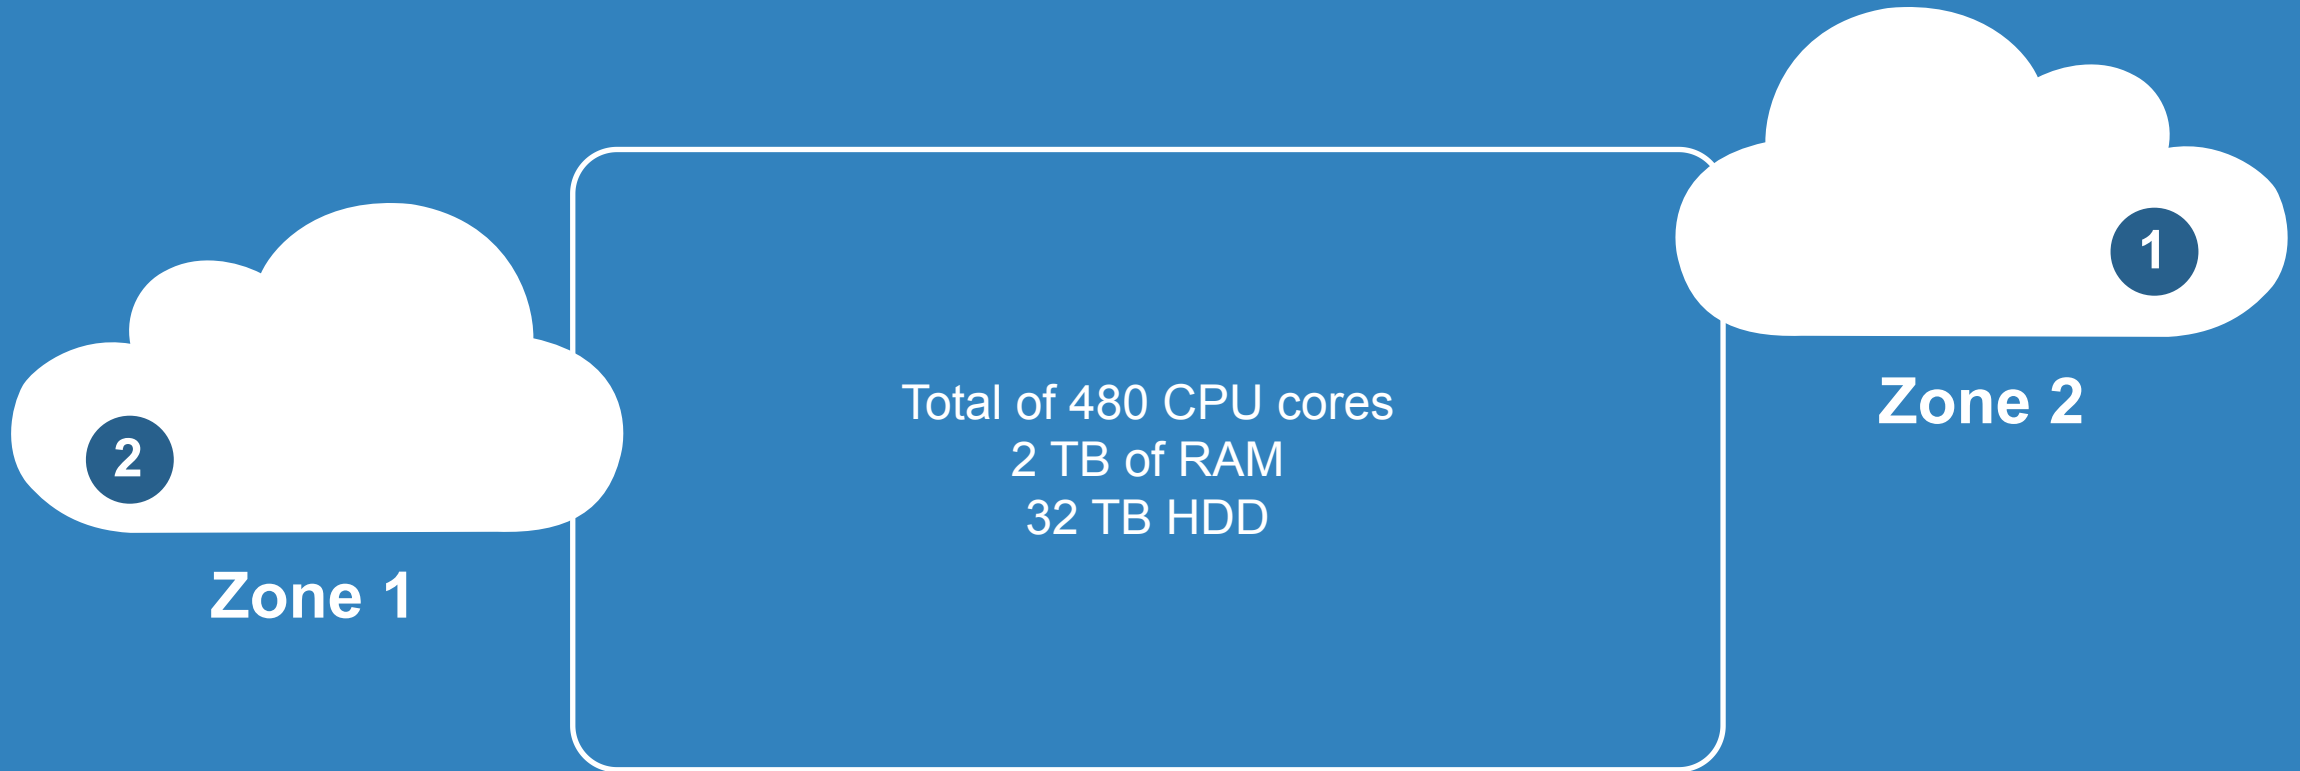

Cloud is everywhere

High-demand of computing resources

Using DC resources is not very straight forward

# Our Infrastructure

# Our Infrastructure

- **Different Flavors (Debian, Ubuntu, Centos, Fedora etc).**
- **Different VM sizes.**
- **External Storages.**
- **SSH access key**
- **Different Security Groups.**

# Advantages

# Registration & Users

<https://cloud.asnet.am/>

send an email to us

## Different Groups

dedicated group for each institution or university

## Virtual Machines

VM with all required packages and tools

Users & Groups
