OVERVIEW

Network, Data, Computing

HISTORY OF A HYBRID RESEARCH COMPUTING PLATFORM

DISTRIBUTED SYSTEM

Network-based concurrent computing environment

2001

2004

ARMCLUSTER HPC

A centralized HPC system

2007

GRID INFRASTRUCTURE

Nation-wide Grid infrastructure.

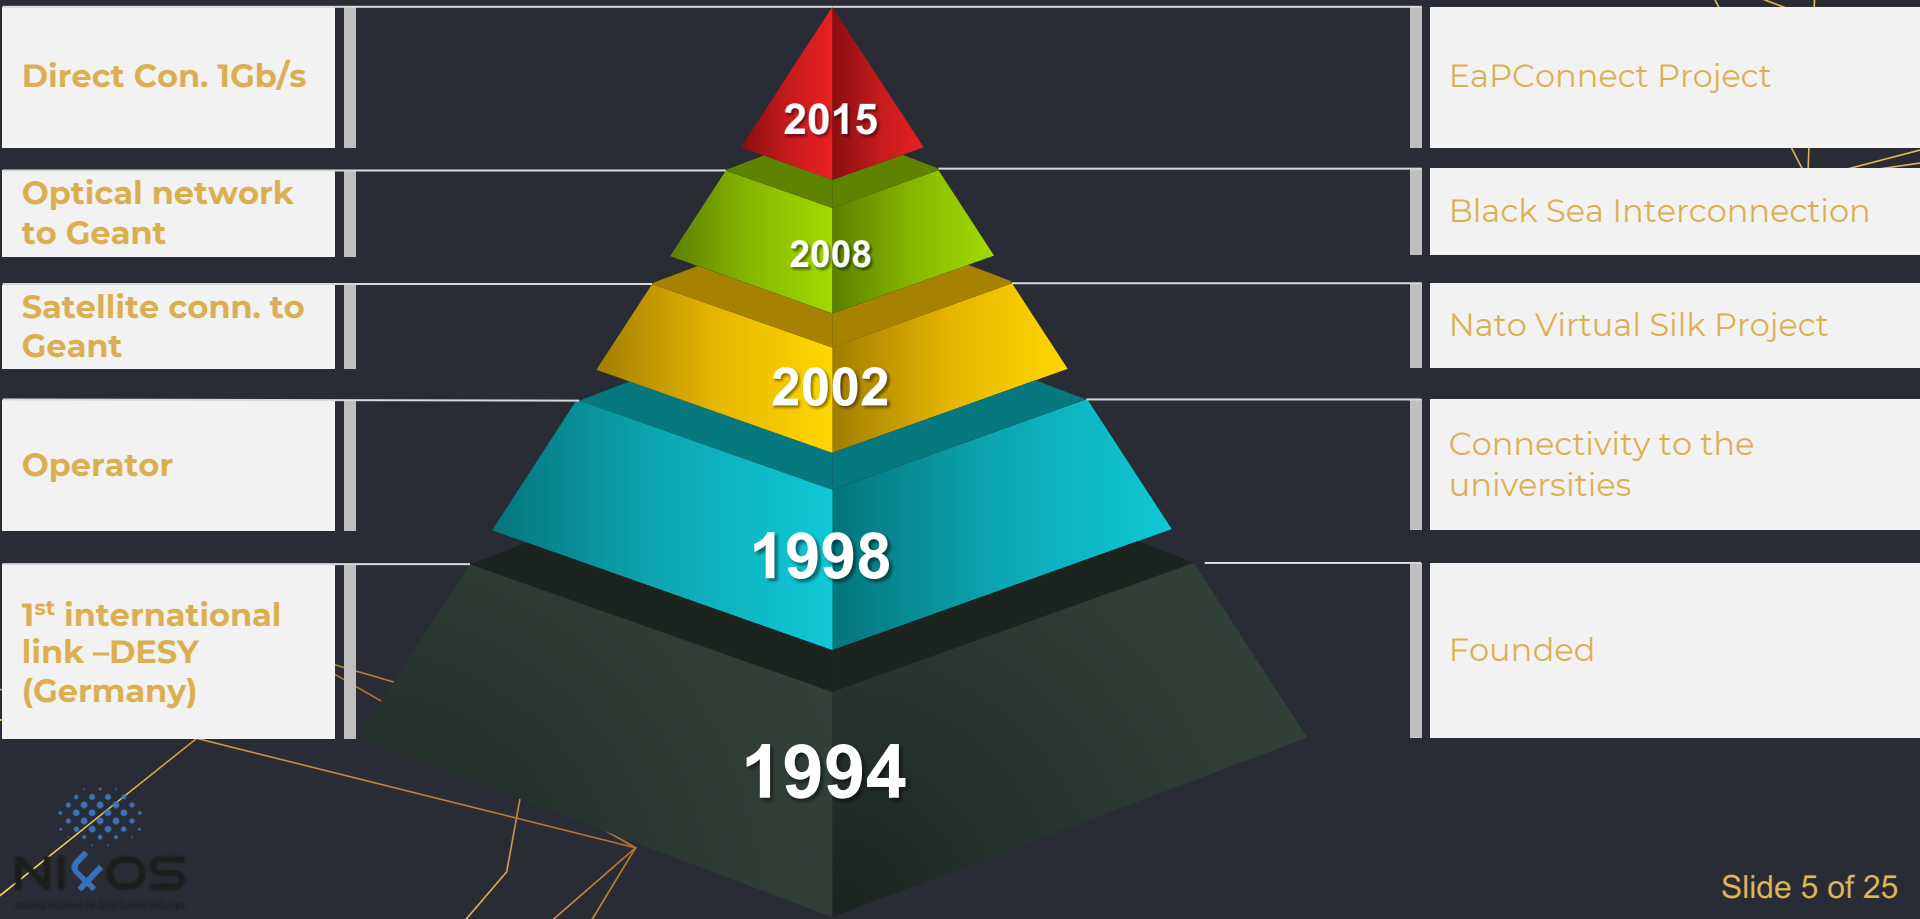

2014

CLOUD

IaaS Cloud infrastructure

NETWORKING INFRASTRUCTURE

COMPUTING INFRASTRUCTURE

Collaboration

Funding

Supercomputing

French Supercomputer

Cloud

Openstack – 620vCPUs and GPUs

Grid

ArmGrid – 512CPUs

Cluster

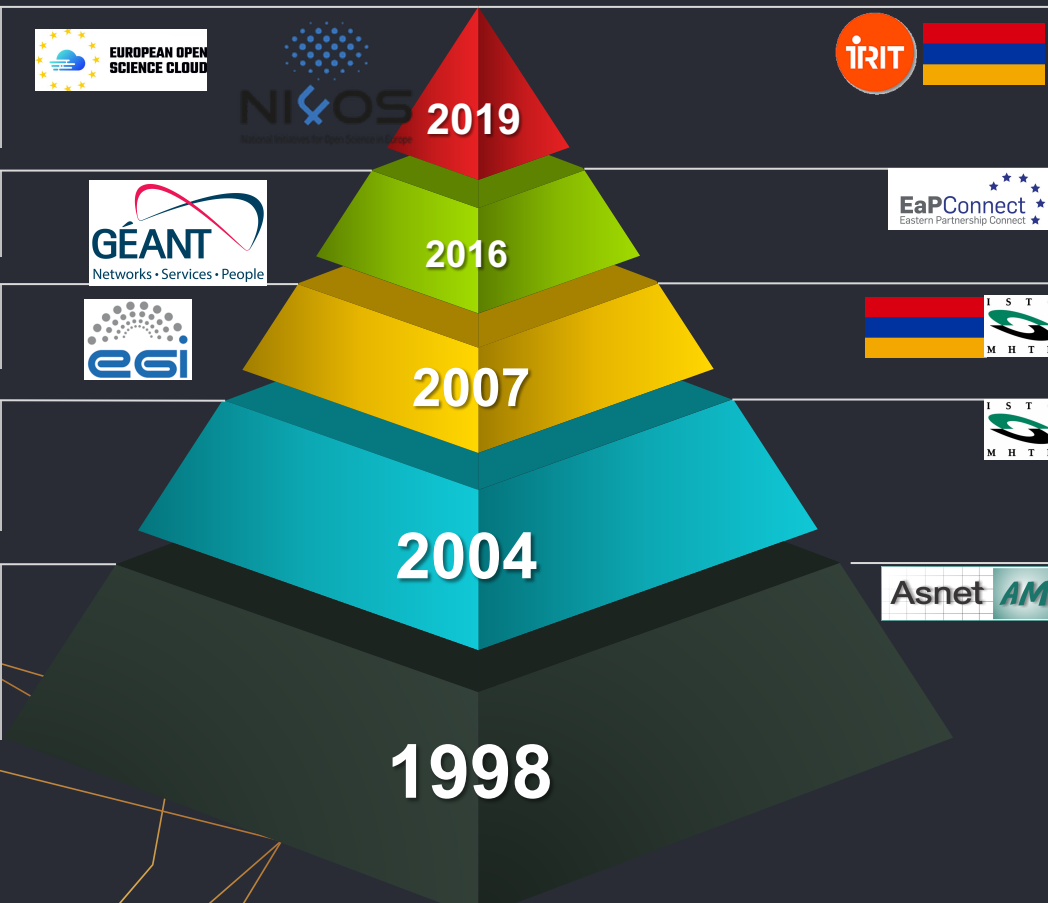

Armcluster – 128 CPUs

Distributed Systems

Networking servers - 10

2

ROADMAP

Mission, Vision

MISSION

Mission

Digital economy

- R&D focused on ICT and their application
- Creating an ecosystem for inspired innovations

Digital science

- An advanced eInfrastructures to academia
- R&D Environments

VISION

01

E-infrastructures

- HPC, networking & data facilities

Connecting
Armenia

02

Applications

- Scientific challenges
- Societal challenges
- Industry

Fostering
communities

03

Technologies

- HPC and cloud
- Data
- Networking

Advancing
technologies

04

Education

- AI/ML
- Data science
- Scientific computing and computational science

Empowering
knowledge

E-INFRASTRUCTURE – AT A GLANCE

National Data Center

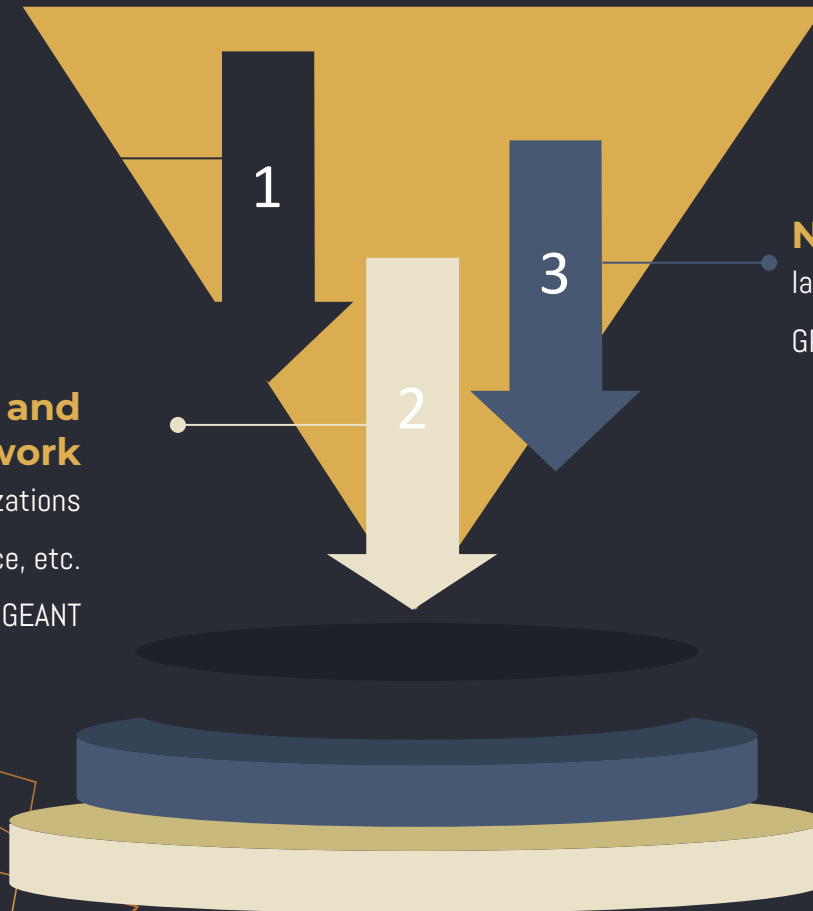

Digital libraries
Digital museum
Astrophysics
Meteorology

National Research and Educational Network

ASNET-AM: >65 organizations
Eduroam, videoconference, etc.
Direct connectivity with GEANT

National HPC Center

Class Cloud providing CPU cores,
GPU cloud (ongoing): Tesla V100 devices

Data Science
Artificial
Intelligence
HPC
Cybersecurity

122400 CPU
cores

274GFlop/s
performance

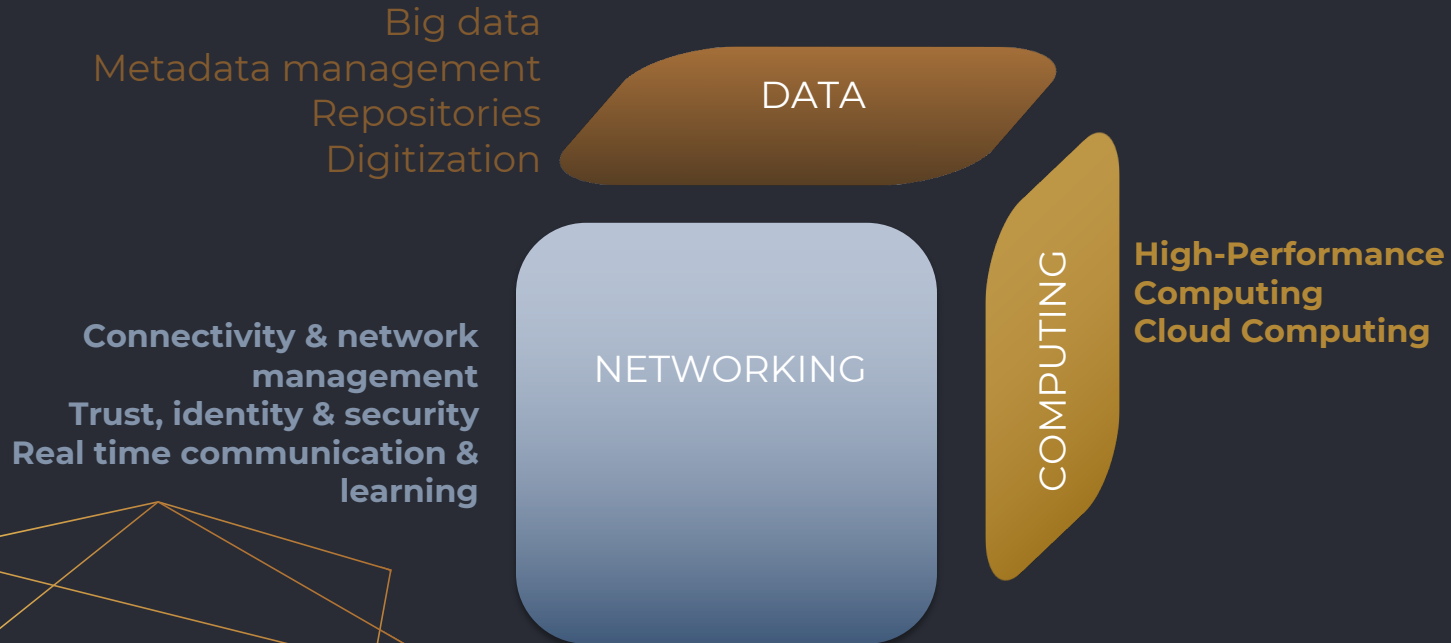

HPC resources

eduroam (education roaming) is the secure, world-wide roaming access service developed for the international research and education community.

eduroam allows students, researchers and staff from participating institutions to obtain Internet connectivity across campus and when visiting other participating institutions by simply opening their laptop.

A LOW LATENCY, HIGH QUALITY AUDIO/VIDEO TRANSMISSION SYSTEM (LOLA) FOR NETWORK MUSICAL PERFORMANCES AND INTERACTION

Estonian Academy of
Music and Theatre

CAPPELLA MARCIANA - VENICE

Fondazione Università
Ca' Foscari. Cà Dolfin

HOVER STATE CHAMBER CHOIR - YEREVAN

National Academy of
Sciences of Armenia

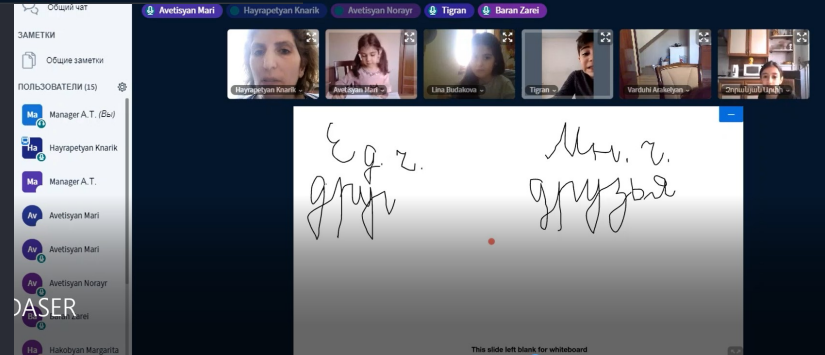

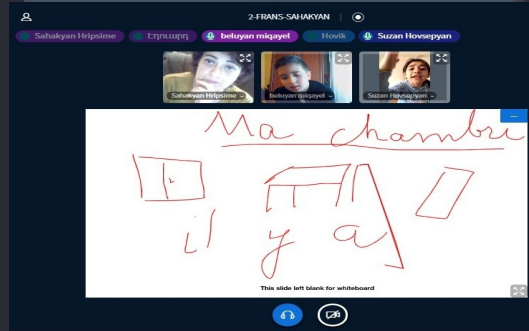

DISTANCE LEARNING

ASNET-AM provides open source web conferencing and distance learning platforms for science and education organizations to assist in organizing the online work and educational process.

The platform's capacity has increased several times during the past weeks to provide a secure connection of good quality.

5

COMPUTING

HPC, CCloud

Use cases - societal challenges

Use cases - societal challenges

Supporting weather 'nowcasting' to prevent damage in Armenia

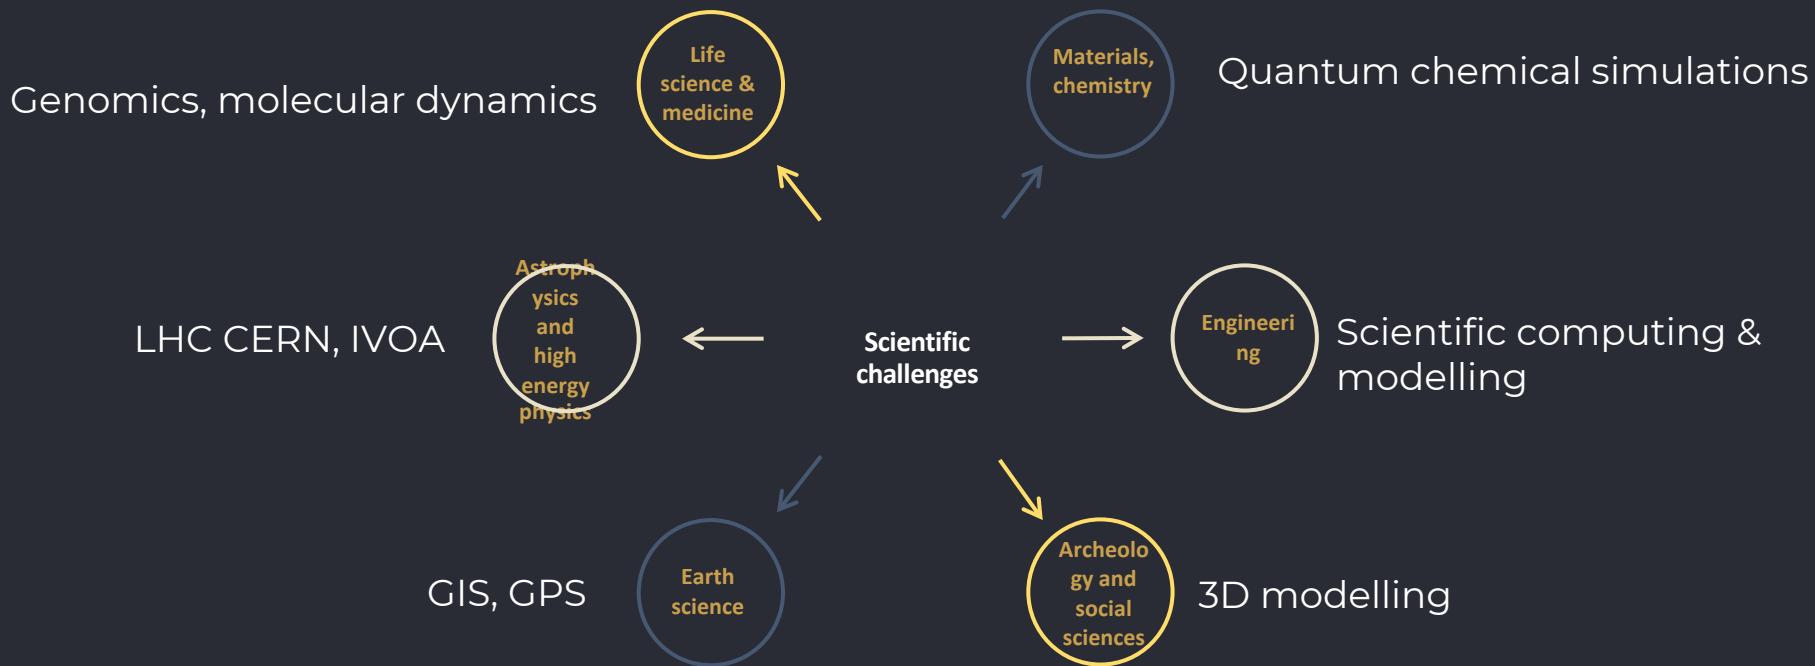

Monitoring the environment with Earth observation in Armenia

Armenian State Hydrometeorological and Monitoring Service

<http://datacube.sci.am>

Use cases - scientific challenges

Use cases - scientific challenges

Supporting the multiwavelength monitoring of the bright Blazars

International Centre for Relativistic Astrophysics

Empowering the Armenian Genome Project with HPC

<http://armeniangenome.am>

Enabling computational materials discovery and atomic scale

Faculty of Radiophysics, Yerevan State University

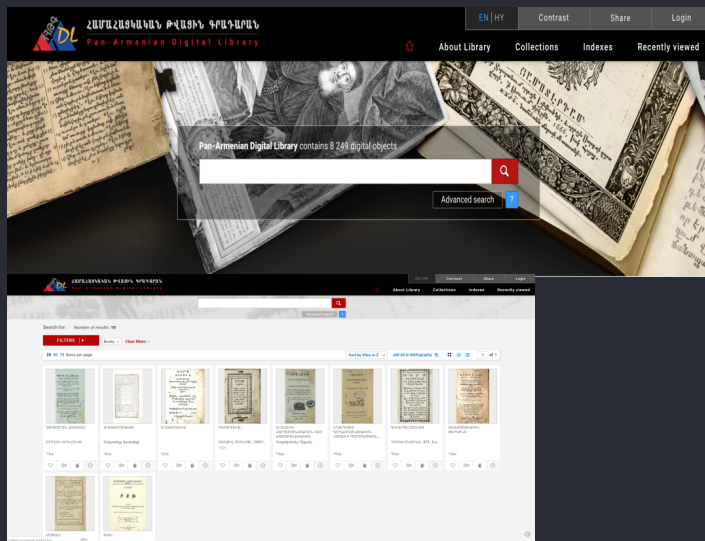

Enabling laser physics and quantum computing simulations

Institute for Physical Research of NAS RA

6

DATA

Digital services – digital libraries online

dLibra enables creating professional repositories of digital documents and sharing them with other people and systems on the Internet.

We are moving to the new platform based on dLibra system.

The new portal offers the users many powerful possibilities such as **searching the content** of the collected resources, searching bibliographic descriptions using **synonyms** dictionary, **grouping** digital publications and navigating their **structure**.

Digital services – data repository

Primary country mirror - mirrors.asnet.am

- **Faster downloads for users**
- **Saving bandwidth**
- **Reproducible package installation**

Additional packages:

- **Turnkeylinux**
- **Raspbian**
- **Dotdeb**
- ...
